# Edmonton Plume Plotter

Edmonton (new) incinerator plume  
at 14:20 on Tue, 18 Jun 2024

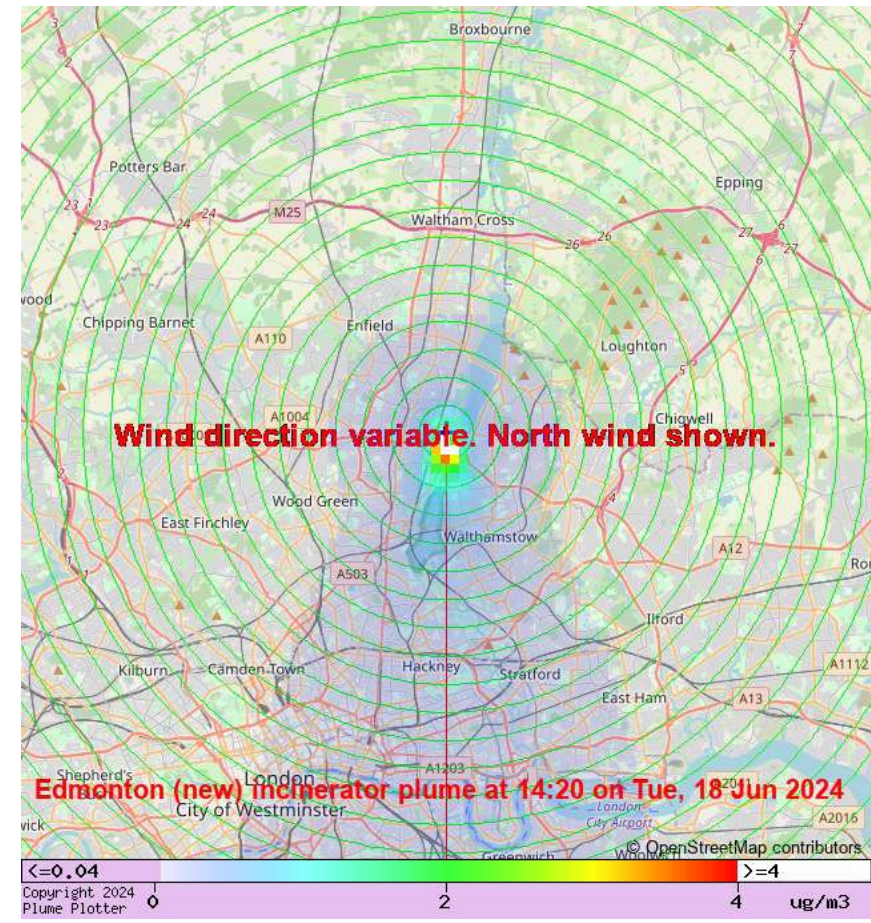

**MAIN**

**PLACES**

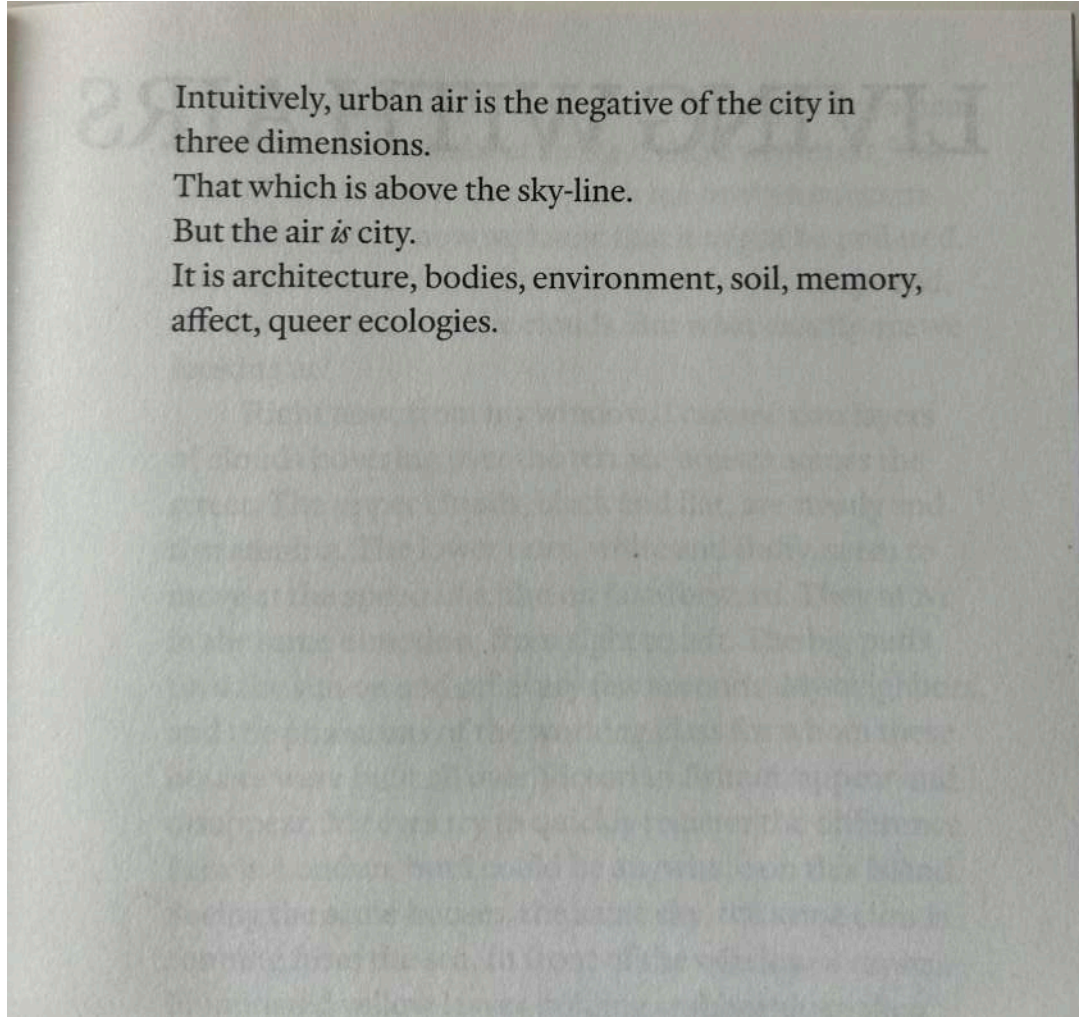

The map shows the (predicted) current state of pollution from the proposed (new) incinerator at Advent Way.  
The table shows the estimated concentration of oxides of nitrogen ( $\mu\text{g}/\text{m}^3$ ) at local places.

Maximum	6
Meridian Angel Primary School	1.4
Footsteps Trust	1.1
Hornbeam Academy Special Academy	0.9
Whittingham Primary Academy	0.8
Big Creative Academy	0.7
Eden Girls' School	0.7
Higham Hill	0.6
Hillfield Primary Academy	0.6
